

**KÜNDIG**  
FOOD INGREDIENTS SUPPLIER

# FOOD INGREDIENTS SUPPLIER SINCE 1920

The Kündig Group is an almost 100-year-old family-owned trading and production company that is headquartered in Zurich, Switzerland. Kündig specializes in the provision of dried vegetables, herbs, spices and mushrooms, along with cereals, oilseeds and deep-frozen products.

Marc-Remo Kündig, Beat Kündig and Sandro Kündig (from left to right)

## Welcome to Kündig

For three generations now, the name of our family-owned company has been a guarantee for first-class quality. Tradition, innovation and sustainability are the values that guide us. We regard our customers as partners and liaise closely with them to develop tailor-made solutions for their product needs.

# From field to fork

Strict controls from production to supply, from the field to the end-customer's table, have a long tradition at Kündig. We work closely with farmers and food producers to ensure perfect raw materials and maximum safety. As leaders in quality terms, we set the benchmark for the production, processing and marketing of top-quality raw materials for the food and pharmaceutical industries.

## 50 percent organic

For the Kündig Group, sustainability is central to all we do. Consequently, treating Nature with respect is a linchpin in our business model. A compelling example of this is the fact that half the products in our range are grown organically. And the trend is upward.

## 10 000 products

You name it: we supply it. The Kündig Group offers a broad range of goods, from vegetables, culinary herbs, mushrooms, pulses, tea and medicinal herbs to fruit, cereals, oilseeds and nuts. All in all, in their different forms and varieties, we offer a total of around 10 000 products.

# Hand-picked

Even the best technology is only as good as the people who use it. And for that reason, we select our employees with the same care and attention to detail as our products. With their qualifications and commitment, they stand for our promise to deliver quality and for sustainable, responsible operations. The Kündig Group recognizes its social responsibility: we live by our Code of Conduct and are proud of the fact that we are a SMETA-compliant company.

## 15 certifications

Well-known labels are our guarantee for quality, safety and traceability. We hold 15 different types of certification: confirmation that Kündig Group products and service meet the highest possible standards. They include EU Bio, Bio Suisse, Demeter, FairWild, NOP, kosher, halal, FLO, IFS Food and ISO 22000 audits.

## 150 employees

Our employees know and live by Kündig's corporate philosophy. They identify with our values and the company's history. Their commitment and sense of responsibility are our guarantee for the highest-possible quality

# State of the Art

Kündig stands for innovation. For that reason, we not only use currently available technologies but also actively develop our own with our partners in the industry. As one of the most advanced operators in Europe, Kündig's affiliate Biosteril® leads the way in degerming. Thanks to the Kündig Food Safety Tower®, we can guarantee maximum purity and safety throughout the processing of raw materials.

## 35 000 tonnes

Even in the early days, company founder Willy Kündig was trading trainloads of cereal. Over the years, the Kündig Group has continually expanded its range, and the volume of goods handled has likewise increased: today, the Kündig Group turns over more than 35,000 tonnes of produce annually.

# The Kündig Group at a glance
